### “Sherlock Holmes: Solve That Problem!”

Welcome to OCMA 2016! The Ontario Colleges Mathematics Association welcomes you to Conference #36. This is a conference devoted to problem solving. We have two keynote speakers on this topic along with some activities and presentations. We have a full gamut of publishers who will present and show off their products. Come out to the conference ready to share your teaching experiences with problem-solving in your classes! Hear others talk about their successes and issues!

The OCMA executive committee encourages you to seize this opportunity to come together, share, learn and enjoy. See you at the conference!
